# Active Practice Toolkit

The Active Practice Charter aims to inspire and celebrate GP practices that are taking steps to increase activity and reduce sedentary behaviour in their patients and staff.

#### What does it take to become an Active Practice?

To become an 'Active Practice' and to receive a certificate recognising active practice status, surgeries will need to demonstrate that they have taken a number of steps, including:

Increasing physical activity in patients and staff

Reducing sedentary behaviour in patients and staff

Partnering with a local physical activity provider to support the practice to get more people active

Pick 3 or more from each category or come up with your own ideas:

#### How do I help to reduce sedentary behaviour in staff?

Appoint a wellbeing team for your practice to promote positive staff wellbeing	Disable the patient call in system, so clinicians must walk to the waiting room to call patients in	Introduce weekly standing or walking meetings for staff	Organise a free ABL Health taster sessions for all staff	Host a weekly 'Deskercise' session - It's easy to do, greatly beneficial and only takes 5 minutes

#### How do I help to reduce sedentary behaviour in patients?

Create a standing space in the waiting room with information for patients explaining why	Signpost your stairs clearly (in favour of using the lift)	Show seated exercise guides on screens to patients	Send targeted text messages to patients signposting information and support services	Staff to begin the NHS Healthy Weight Coach E-learning programme to improve weight management advice given to patients	Organise an ABL Health drop-in clinic in your practice for patients

### How do I help to increase physical activity in staff?

Staff made aware of self-referral support to ABL Health services	Display physical activity infographics on screens	Introduce a weekly 10-minute activity session, for example yoga or Pilates	Seek a group deal at a local gym for NHS staff reduced rates (see useful links)	Have a monthly competition for the most active member of staff or team	Staff to become aware of local blue & green social prescribing offers
					Practice staff to take part in team building activities at Rushcliffe Country Park

## How do I help to increase physical activity in patients?

Become a parkrun practice	Visibly advertise ways to get fit locally including both green & blue spaces	Signpost patients to relevant local community group activities	Send exercise advice to targeted groups, for example., hypertensive patients on your register	Book free online training sessions for staff via the Moving Healthcare Professionals programme to improve physical activity advice given to patients	Add the Walk for Life widget to your website Promote apps
				patients	encouraging physical activity such as Couch to 5k and Active 10
