

Grants to Boost Walking, Wheeling and Cycling

Sustrans are working with Erewash Borough Council to distribute grants to community organisations helping to boost walking, wheeling and cycling in their communities.

Join us to boost walking, wheeling and cycling in Ilkeston!

Sustrans, in partnership with Erewash Borough Council, is offering small grants (up to £1,000) to community groups and organisations in Ilkeston.

We would like the help of local group members to test out local walking and cycling routes both within and around the town.

If you or your group members would like to find out more, you can join us at one of the following free sessions, where we can answer questions and help people start to complete their application forms.

The application form and more details are available online at: tinyurl.com/IlkestonActiveTravelGrants

Monday 7th April 11am - 1pm
Ilkeston Town Football Club
New Manor Ground, Awworth Road,
Derbyshire, DE78JF (Refreshments provided)
